

You can add items to your personal favorites from either the results of a search in eSHOP or from your shopping cart.

## Creating a favorite from a search

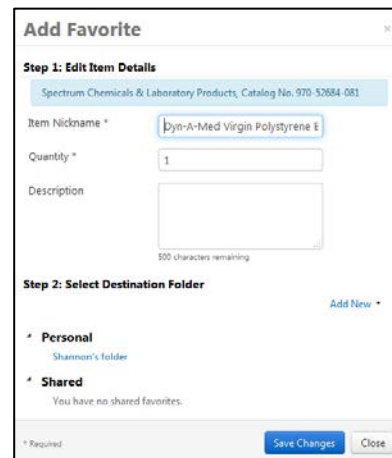

From the search box, type in your criteria and click on Go.

- Once you find the item you wish to add to your favorites, click the 'Add Favorite' link under the 'add to cart' button.

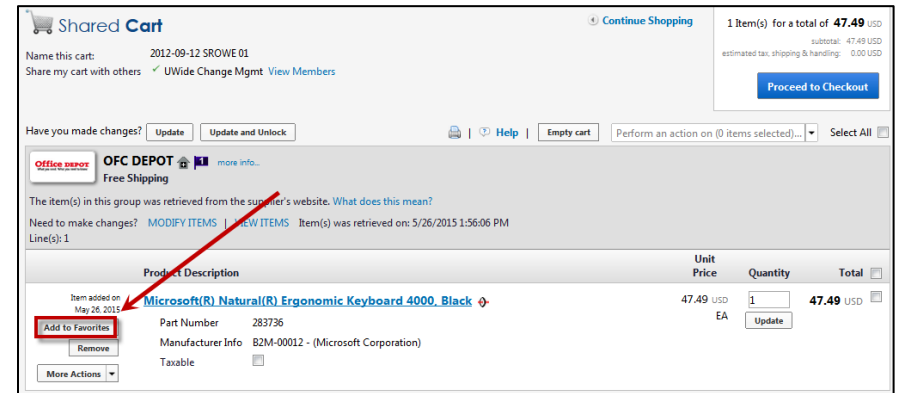

- A new window will open. You can create a nickname different than the default name if desired. Select the destination folder (or create a new one) and click on **Save Changes**.

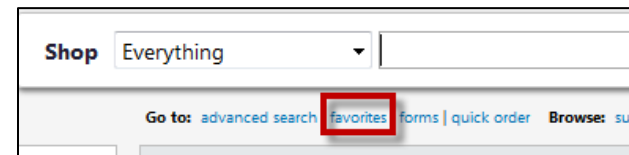

## Creating a favorite from your cart

Click on your cart. Click on the 'add to favorites' button to the left of the item and follow the same steps we went through before.

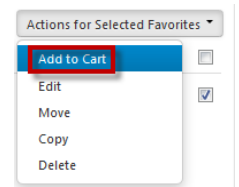

## Using Favorites

From the eSHOP home page, click on 'favorites.'

- Select an individual item to add to your cart by clicking  next to the item name. **Note:** you can also add the entire folder to the cart by selecting all items in the folder.
- From the dropdown menu, click on Add to Cart.
