3. For real tank rentals, a rental summary invoice will be emailed from Matheson to the designated end user. The summary invoice is not used for payment but should be used to review items rented. The summary invoice should be matched up with the corresponding Non PO Invoice before approval.

4. Non PO Invoices are downloaded the last day of the month. An email is generated by eSHOP to notify the Approver(s) to go in and approve the invoice. See the Non Purchase Order Invoice guide found under training materials for details on how to approve.

**Helpful Hints**

3. If you are ordering items using the Non-Catalog Order form your catalog number must exactly match the catalog number in Matheson’s records (including capitulation, punctuation, and spaces). If you are unsure of the catalog # please contact Matheson before completing the Non-Catalog Order form to ensure there are no delays in fulfilling your order.
