**Helpful Hints**

If you order by item # be sure that if the punch-out site tells you a product is no longer available that you remove it from your cart. If you do not remove items from your cart then processing of the order will be delayed by at least 2 business days. If you did not remove it from your cart in Office Depot’s punch-out then you can do so in eSHOP. These items will have no product description (the description will look like this: null). Click the **Remove** button next to this description to avoid delays.

- Another option is if you are ordering by item number check the box that says **Show Images**, which will let you know right away if a product is unavailable. Simply remove the item number and quantity from the list of items.
